Frontend Developer | React.js | TypeScript | Next.js | UI/UX Focused

Frontend developer with 3+ years of technical experience in creating, developing, and maintaining scalable, responsive, and user focused web applications. Familiar with modern JavaScript libraries and frameworks, including React.js, Next.js, and React Query. Proficient in UI/UX design, DevOps aware development, and team based environments. Passionate about clean code, accessibility, and performance.

EXPERIENCE

06/2024 – Present
Brampton, ON

FRONT END DEVELOPER, *GamePride*

- Created responsive and accessible UI components using React.js, TypeScript, and Tailwind CSS to maintain uniformity on browsers and devices.
- Integrated RESTful APIs with React Query seamlessly to enable smooth data fetching, caching, and revalidation.
- Conducted performance profiling, fixed high impact bugs, and implemented optimizations that sped up the app by 20%.
- Converted business requirements into working UI/UX and ensured alignment with architecture patterns and non-functional requirements like security and performance.
- Contributed to modularizing code using component based architecture, enhancing maintainability and scalability.
- Collaborated with backend engineers and designers to deliver effective system integration and functional alignment.
- Applied version control best practices with Git and GitHub within a collaborative Agile workflow.
- Enhanced root cause analysis for production bugs and deployed solutions as per DevOps principles.
- Applied accessibility guidelines (WCAG) and semantic HTML for accessible user experiences.
- Utilized Webpack and task runners for optimized builds and automatic processes.
- Conducted UI testing with Jest, React Testing Library, and Jasmine.

11/2022 – Present
Lagos, Nigeria

FRONT END DEVELOPER INTERN, *Prodevs Outsourcing Limited*

- Worked on frontend development for responsive web applications using React.js, JavaScript, and Sass.
- Collaborated with cross functional teams to implement UI designs that were compatible with client and user requirements.
- Built reusable components using Vanilla JavaScript and optimized for reusability and performance.
- Conducted research and applied new web development best practices for improving application scalability and responsiveness.

EDUCATION

12/2022
Ilorin

B.Sc. Microbiology, *University of Ilorin*

SKILLS

Languages & Libraries:

- JavaScript
- TypeScript
- HTML5
- CSS3
- Sass
- React.js
- Next.js
- Redux
- React Query
- Vanilla JS

Tools & Frameworks:

- Webpack
- Git
- GitHub
- Tailwind CSS
- JUnit
- Jasmine
- Jest
- Webpack
- REST APIs

Concepts & Best Practices:

- Responsive Design
- Accessibility (WCAG)
- SEO Optimization
- DevOps Awareness
- Agile
- Component Based Architecture
- UI/UX, Semantic Markup
- Performance Optimization
- Debugging, Testing
